SOCIAL SERVICE LEAGUE (OUTREACH)

Social Service League aims at throwing light on the usually unnoticed and ignored areas of the society to the young students. It helps to understand the bleak realities that hinder the development of the society. When the younger generation is made to visit the destitute and the deprived in various organizations like the homes for the aged, the physically challenged, the mentally retarded, the aged blind, the aged deaf, the orphans, the motherless babies, the aids patients(children) and also the rehabilitation centers and the training institutes for the such, a sure impact is made in their minds. When these students of ours mingle with them and try to help them, one can witness a ray of hope for a bright future. Virtues like love, kindness, mercy, compassion, helping nature, treating everyone equal and understanding the poor are inculcated definitely along with the courage to protect the weak and the infirm. As all the departments are involved and all volunteers are given opportunities to visit various homes we are sure to hone the personalities of our students in the right way with right values and right attitudes.
